ON IMMUNITY WERE HELD

COUNSEL FOR PIERCE SUBMIT A MOTION OF IMMUNITY FROM TRIAL.

COURT TOOK A RECESS ATTEMPTED TO ROB BANK

To Allow State to Prepare Its Answer Most Important Point in Law to Probably Come Up in the Trial at Austin.

(Herald Special.)
Austin, Texas, Dec. 1.—Counsel for Henry Clay Pierce, head of the Waters Pierce Oil company, on trial here charged with false swearing in connection with the readmission of the company into Texas, this morning sought to secure immunity for Pierce on the ground that statute of limitation has operated against prosecution. Upon the conclusion of the reading of the indictment when the court convened this morning the motion asking for immunity was immediately presented to District Judge Calhoun. The motion contends that Pierce was not a resident of Texas and while absent from the state was not a fugitive from justice and for the same reason that a citizen of the state would be immune from prosecution after the expiration of limitation, Pierce should be immune. Counsel for the defense argued that limitation operated in the case the same as if Pierce had been a citizen of Texas. The court granted a recess to allow the state to prepare its answer to the motion. This will in all probability be the most important question raised during the trial. Counsel in plea for immunity asserted that Pierce was compelled to involuntarily testify in an anti-trust case filed against his company in Missouri and that he is granted com-

in matters about which he was compelled to testify in another case. The motion and the state's answer will be submitted to the jury. The court has ruled that the state will not be permitted to introduce any statement not connected with the affidavit.

(Herald Special.)
Washington, D. C., Dec. 1.—Decisive action regarding the Nicaraguan situation is expected soon to be announced by the state department. The department is maintaining a neutral position, but the secretary is inclined to recognize Estyda. If the propositions to effect arbitration through Mexico or King Edward are defeated the department will certainly bring pressure on Zelaya and demand immunity for the death of the two Americans or demand the abdication of Zelaya.
